

Plants for Sale

I don't have a lot of anything. Please understand if plants become unavailable. I never produce zillions of any cross and my breeding stock can only grow so fast. I made the mistake years ago of dividing things down too small and it took a long time for them to grow back. Thanks for your interest, Bill Thoms

Seedlings	Price
Bulb. bicolor first offering of seed-grown outcross; umbels of 2" to 3" flrs in pink or gold w/red stripes & spots	3" \$18
Bulb. claptonense outcross from seed	2" \$12
